Dear Friends of AFGA,

It's taken a bit of time researching and viewing prospective properties but your AFGA has found a new home at 13045-156 Street, Edmonton. The 3,900 square foot condo bay is close to St. Albert Trail, Yellowhead Trail and Anthony Henday Drive and features 6 offices, a board room, second meeting room, wide open reception, a storage/warehouse area with overhead door, and ample parking. It was also move-in ready resulting in lower costs to the Association.

The AFGA was in need of new premises, you'll know what I mean if you were ever at the old office, so we moved forward! However, the main focus of your AFGA is not in buying buildings but rather critical habitat for conservation purposes. In order to get back to our mission we want to get rid of any mortgage related debt as fast as we can.

This where you come in, we are asking Zones, Clubs, individuals, outside grantors, businesses to contribute and insofar as they do will be recognized in the following manner:

- 1) Whoever makes the largest donation will have the Board room named after them,
- 2) Whoever makes the second largest donation will have a meeting room named after them,
- 3) Other donors will be recognized on a group plaque with individual shields according to

the following donation levels:

- a. bronze-\$100 and over,
- b. Silver \$500 and over,
- c. Gold \$1,000 and over,
- d. Platinum \$5,000 and over.

Thus far, AFGA has put \$522,000 from sale proceeds of the 104 Street office and monies that came in prior to the start of a fund-raising campaign towards the purchase and has now set a goal of \$275,000 to become debt free at the earliest date.

To get to that point I am reaching out to you to ask that you consider making a donation to eliminate this debt so that any interest payments can be put into conservation!

I thank you for your help with this,

Doug Butler, President
The Alberta Fish and Game Association

P.S. Tax receiptable donations can be sent to the address above, phoned in, or made at www.afga.org
