

# Caron West Property SE-30-82-1-W6

**Description:** This 160 acre property is located in the High Threat Peace Parkland Little Burnt Landscape next to the Caron Uplands and Caron Lake, a 250 acre wetland located on a major water course. The quarter is gently rolling and contains key pair and brood salvage wetlands and native parkland habitats within the Caron lake Intensive Management Unit. The project conserves existing natural wetlands and native parkland habitats and provide secure long term managed nesting cover for waterfowl and other grassland nesting species. The main objective is to conserve 48.4 acres of existing pair and brood wetlands and 56.2 acres of native parkland habitat. In addition, 3 acres of drained pair wetlands may be restored. Waterfowl, shorebirds and other marsh dependent birds occur, along with native aspen parkland, riparian and woodland songbirds, raptors, small and large mammals and amphibians. Existing native plants will also be conserved. Moose, mule and white-tailed deer and black bear are present.

**Partners:** Ducks Unlimited

**Special Restrictions:** Day use only. No open fires. Foot access only.
