SE 23-36-25-W4M

Description: The 113-acre H.G. Lawrence Property is an unsubdivided parcel that represents a quarter section reduced by Pine Lake, which forms much of the east boundary. A small creek meanders near the south boundary through the quarter and ultimately to Pine Lake. The interface with the lake is represented by a collection of native trees and vegetation predominated by trembling aspen. Several small wetlands and aspen bluffs punctuate the land. A variety of wildlife including waterfowl, raptors, small mammals and white-tailed deer, mule deer and moose are regular residents on the property.
