

# Redwing Property SW-13-73-10-W6M

**Description:** This property is located north of the town of Beaverlodge and consists of about 110 acres. The forest on the property consists of mature spruce trees, trembling aspen, birch and alder. The understory is comprised primarily of willow, Saskatoon, chokecherry and rose. The topography is gently rolling forming a depression area in and around the property with a series of drainage creeks and muskegs. Small grass meadows can be found on the property as well as some improved pasture. Wildlife found on the property includes white-tailed and mule deer, moose, elk, black bear, fox, coyote. There is a wide variety of waterfowl including Canada geese, and a host of diving and dabbling ducks. A variety of small mammals and songbirds are residents or regular migrants.

**Partners:** Ducks Unlimited

**Special Restrictions:** Day use only. No open fires. Foot access only.
