AFGA Committee Volunteer Application

Are you interested in assisting the Alberta Fish and Game Association (AFGA) in tackling some issues we are facing, by helping out on one of our new committees? If so, read on, as we would really appreciate your contribution!

No decisions or changes have been made other than to reduce the cost of running the organization by introducing efficiencies and expenditure reductions, as outlined in the provisional budget for the fiscal year 2020/2021. This has allowed AFGA to meet its immediate financial obligations, however, it is not a long-term solution.

Developing a predictable long-term funding base, and ensuring the organization is meeting the expectations of our members is critical. To assist in these tasks, the AFGA Executive has struck five committees.

Our new committees will generally meet virtually due to the COVID-19 pandemic public health guidelines, logistics, timelines, and to save on travel costs. Volunteer committee members will need to be comfortable using online platforms such as Zoom, and be prepared for considerable volunteer time commitment, particularly during the early stages of the process.

The majority of members on the committees will be made up of members at large. Depending on the committee, this will likely range from four (4) to six (6) spots available for members. Because there are a limited number of seats on each committee, if you don't make it onto your committee of choice, we will develop a process that will allow you to provide your input to the committees. We are currently in the process of developing draft terms of reference for each new committee, and we will share them with you as soon as they have all been completed.

We are looking for members at large to assist us on the following committees:

1. Annual General Meeting Committee
2. Financial, Audit, Risk Management Committee
3. Governance Committee
4. Membership Committee
5. Focus and Priority Determination Committee
